

At The Conservatory School, our Kindergarten through 5th-grade students engage in rigorous, authentic Project-Based Learning (PBL). Through this experiential process, students explore ideas connected to relevant, real-world concepts, allowing them to apply their knowledge in meaningful ways. Because PBL is hands-on by design, various material and supply costs arise throughout the year. To ensure every student has the tools they need to succeed, we are establishing a **PBL Fund** for each classroom and are asking for a voluntary donation of **\$25 per student**. These funds will be used exclusively to purchase the specialized materials and tools necessary to bring our students' projects to life. Thank you for your partnership and for supporting our students as they design, build, and explore.

How to Contribute:

- **Online:** Payments can be made via School Cash Online starting in August.
- **Cash or Check:** Please have your child submit these directly to their classroom teacher. Make checks payable to *The Conservatory School* and include your **child's name and grade level** in the memo line.
